

## Riverview Heart and Vascular Center Quality Dashboard

*Updated, January 2009*

In 2006, Riverview Hospital received a 5 Star rating from Gannett News Service/Indianapolis Star for the treatment of heart attack and heart failure patients. We're pleased to report that another quarter of data has been received and Riverview's Heart & Vascular Center continues to far surpass state and national standards. In fact, in all areas, Riverview scored in the top 10% of all hospitals nationwide!

<b>Quality Standard</b>	<b>Riverview Hospital</b>	<b>Indiana Average</b>	<b>National Average</b>
-------------------------	---------------------------	------------------------	-------------------------

### **HEART ATTACK CARE**

Aspirin at Arrival	99%	94%	93%
Aspirin at Discharge	100%	92%	91%
Ace Inhibitor at Discharge	95%	90%	89%
Smoking Cessation Counseling	98%	91%	93%
Beta Blocker at Discharge	100%	95%	92%
Angioplasty within 90 minutes of Arrival	90%	71%	70%

### **HEART FAILURE CARE**
